TABLE OF CONTENTS

The following document is an addendum to the District Comprehensive Safety Plan. The District Comprehensive Safety Plan is the main body of the document. Each school has a site specific document that works in tandem with the District's plan. The Comprehensive Safety Plan is designed to be utilized as a resource for prevention/mitigation, preparedness, response and recovery planning and training as well as for meeting the guidelines of the Standardized Emergency Management System (SEMS), the National Incident Management System (NIMS) and Title 1, Division 4, Chapter 8 Government Code.

It is a living document to meet site, district and community needs, forms or requirements. It is NOT to be a "grab and go" guide in an actual emergency.

The following information is school site specific.

School Safety Planning Committee

The school site council is responsible for developing the school site safety plan or for delegating the responsibility to a school safety planning committee. (Ed. Code 35294.1)

The school site safety committee shall be composed of the following members: the principal or designee, one teacher who is a representative of the recognized certificated employee organization; one parent/guardian whose child attends the school; one classified employee who is a representative of the recognized classified employee organization; other members if desired. (Ed Code 35294.1)

Local law enforcement has been consulted (Ed. Code 39294,1) Other local agencies, such as health care and emergency services, may be consulted if desired. (Ed Code 39294.2)

Other members of the school or community may provide valuable insights as members of the School Safety Planning Committee. Additional members may include:

- A representative from the local law enforcement agency
- School Resource Officers
- Guidance counselor
- Special Education Department Chairperson
- One or more key community service providers
- Student representative(s)
- Disciplinary team member
- Staff leaders
- Additional parent representatives

Safety Plan Goals

Annual Safety Goals

The School Safety Planning Committee shall make an assessment of the current status of school crime committed on campus and at school-related functions and of appropriate strategies and programs that will provide or maintain a high level of school safety. (Ed. Code 35924.2)

While the School Safety Planning Committee reviews school, district and community crime data trends such as the California Safe School Assessment, other data can bring value to the discussions. Such data may include:

- Mental Health Data
- State, District or Site Surveys (such as the Youth Risk Behavior Survey)
- Disciplinary Data
- Community Police Data

Data may be more valuable if disaggregated by gender, age, zip code, ethnicity, etc. Current trends should be reviewed as well.

Based on data analysis, the School Safety Planning Committee identifies one or two **safety-related goals for the next school year as well as the strategies and/or programs that will be used to meet those goals**. The objective is to provide meaningful goals in order to improve the campus climate.

The goals are reported, with the Safety Plan, to the Board of Trustees and are shared with the school staff and community.

In order to keep the goals as a safety focus for the school year, it is recommended that at least three brief meetings be held to review data and progress. The progress can be reported to the School Site Council, staff, parent groups and the Board of Trustees.

The year-end assessment should be completed in May and reported.

FROST AND INDIGO SCHOOL

Safety Plan Goals

2022 - 2024

GOAL 1: Frost and Indigo School will update the ARCC to ensure adequate necessary supplies in the event of an emergency.

Strategy 1.1: Each class will receive a bin, along with a gallon sized zip top bag for every student. Parent letters will accompany the bags home, asking for snacks to be stored inside the ARCC.

Assessment 1.1: Confirm storage of classroom bins with zip top bags for every student by February 2023.

Baseline Data 1.1: Ensure ARCC materials are replaced on a rotating basis.

GOAL 2: Provide mental health support for students.

Strategy 2.1: Mental Health Intern support for 1.5 days each

Strategy 2.2: Outside agency referrals for mental health support through School Linked Services for Alum Rock Counseling, Community Solutions, Rebekah's Children Services;

Strategy 2.3: Almaden Valley supports for 1 day each

Strategy 2.4: Parents and students can be referred through Care Solace

Strategy 2.5: Indigo will use positive discipline strategies such as chill out spaces, cool down corners, class meetings and morning meetings to increase school connectedness and decrease harmful conflict. Frost will continue to use PBIS along with spirit events to increase school connectedness.

Assessment 2.1 through 2.4: Number of students being served by mental health support systems.

Assessment 2.5: Connectedness and Belonging Survey Results; Discipline/Citation Data

Baseline Data 2.1 /2.3:

Indigo: As of November, 2022 there are 6-10 students receiving mental health services.

Frost: As of November 2022, there are 8-12 students receiving mental health services.

Baseline Data 2.5:

Indigo: As of October, 2022, 74% of students say they have someone they feel comfortable confiding in at school. **Frost:** As of October 2022, 72% of Frost students attest to having an adult at school with whom they can confide.

Note: Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

Suspensions and Expulsions for School Year 2019—2020 Only

(data collected between July through February, partial school year due to the COVID-19 pandemic)

Rate	School 2019-2020	District 2019-2020	State 2019-2020
Suspensions	0.57%	0.84%	2.45%
Expulsions	0.00%	0.00%	0.05%

Note: The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

Attendance Factor:

The attendance factor accounts for the difference between enrollment and attendance. It is the average percentage of enrolled students typically attending school on any given day. The factor is calculated annually using prior school year data.

- 2017-2018 Attendance Factor: 96.53%
- 2018-2019 Attendance Factor: 95.89% Frost 96.54% Indigo
- 2019-2020 Attendance Factor: COVID

School Facilities & Safety

Frost strives to provide a safe and healthy environment for our students and staff.

The table shows the results of the most recent school facilities inspection. While reviewing this report, please note that even minor discrepancies are reported in the inspection process. The items noted in the table have been corrected or are in the process of remediation. The data in the table was collected January 2017.

Cleaning Process

Maintenance & Repair A scheduled maintenance program is administered by Frost's custodial staff on a regular basis, with heavy maintenance functions occurring during vacation periods. Additionally, a scheduled maintenance program is administered by Oak Grove School District to ensure that school

grounds and facilities remain in excellent repair. A work order process is used when issues arise that require immediate attention. Emergency repairs are given the highest priority; repair requests are completed efficiently and in the order in which they are received.

Additionally, due to COVID-19 pandemic:

Hand sanitizing stations are located in common areas such as lunch areas, front offices, and priority locations identified by the principal.

Students are encouraged to bring their own water bottles to use the available water bottle filling stations. All water fountains are available for students.

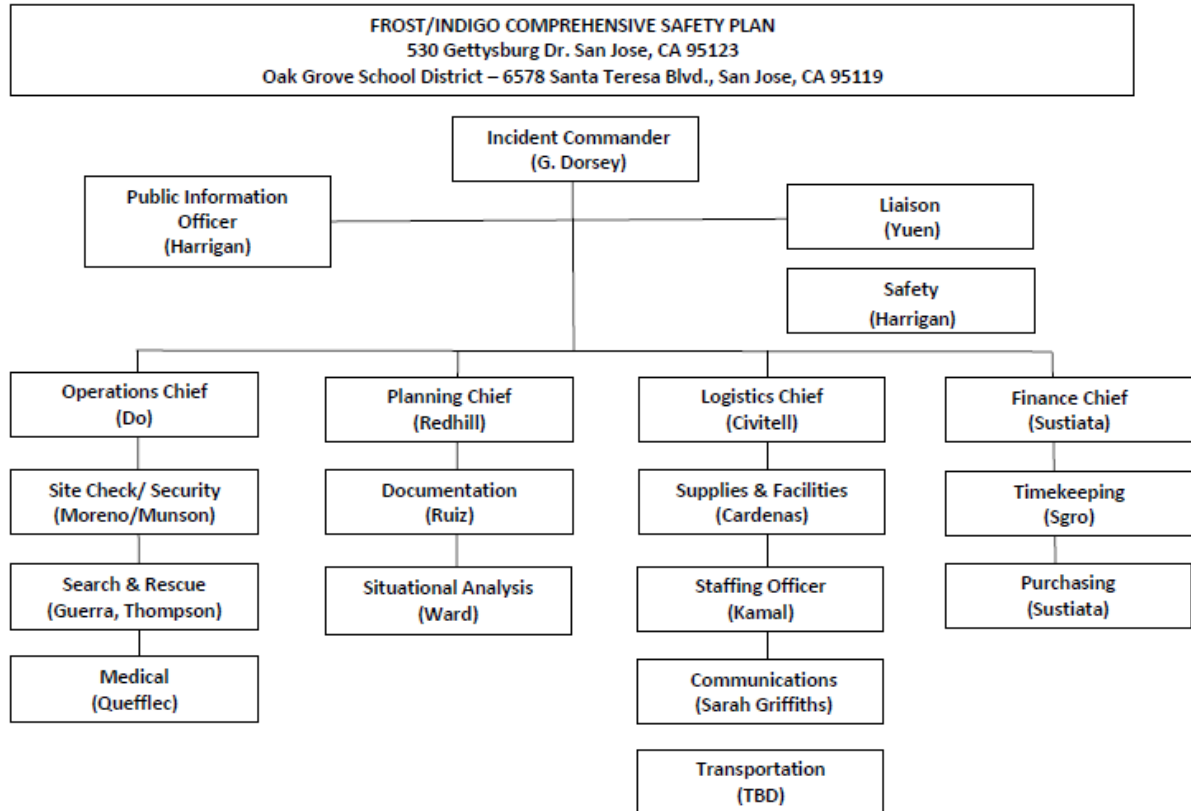

The District will provide face masks for staff. All staff are required to wear fabric face coverings unless prevented due to health conditions or instructional/communication needs. In those instances, staff will be provided with a clear face shield. Additional disposable masks and gloves are also available, as needed. HVAC schedules will be set to run at least two hours before and after occupied hours.

HVAC systems have been serviced and inspected across the District to ensure proper operation and circulation of outside air.

Strict cleaning and disinfecting protocols are in place throughout the school campuses. In classrooms, teachers and age-appropriate students will have access to non-toxic materials to maintain the cleanliness of their environment.

Buddy Teacher System Roster

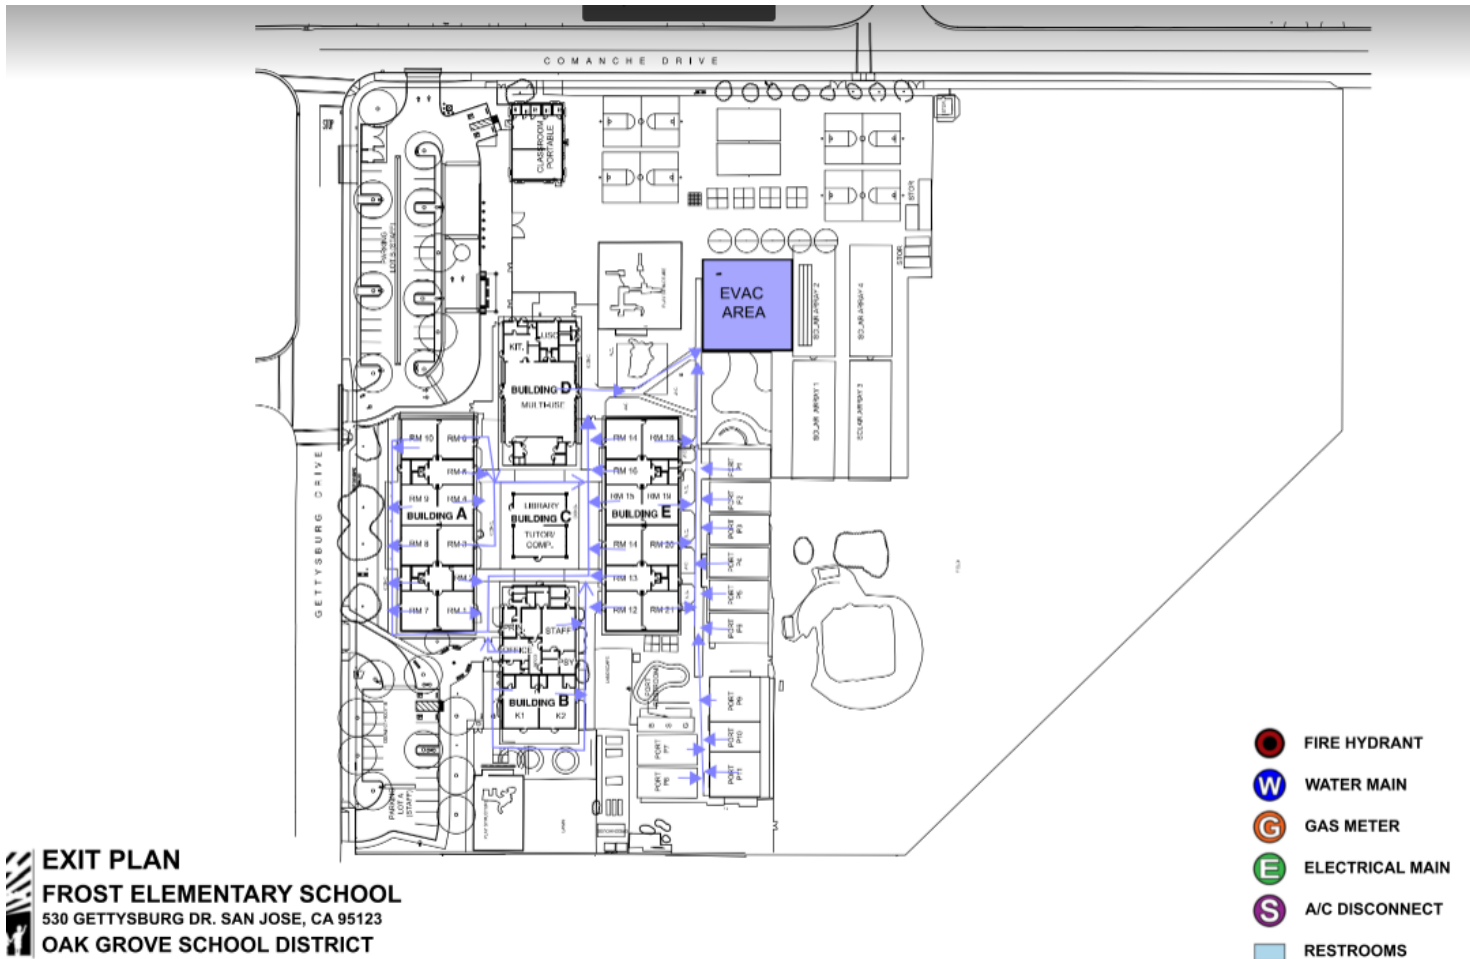

Site:	Frost and Indigo School	School Year:	2022-2023
Updated prepared by:	Genvieve Dorsey/Tauvia Harrigan	Date:	12/12/2022

This list should be updated in September of each school year to accommodate any staff changes.

Note: Teachers assigned to lead or have staff assignments should be paired with teachers assigned to the student assembly area. In an emergency, when directed to evacuate to the assembly area, all teachers will take any emergency items and move their classes to the assembly area. Teachers assigned to lead or have staff assignments will then "hand off" responsibility for their class to their Buddy Teacher and report to their emergency assignment.

BEFORE AND AFTER SCHOOL DAY CARE

Oak Grove School District will ensure after-school programs are educated on key parts of emergency management planning, including keeping emergency contact cards up to date and having the most accurate information from parents on who youths are permitted to leave with.

After-school programs are contained within a school's overall emergency management plan.

However, there are important emergency planning considerations specific to after-school programs that may not be addressed in the school's overall emergency management plan, such as:

- How the Incident Command Structure is to operate after school when most staff have left for the day;
- Training of after-school program staff;
- Emergency procedures, especially when some buildings may be closed; and
- Coordination with local emergency responders.

Similar to emergency management planning for schools, after-school programs should also develop plans based upon site-specific issues. Collaborative exercises, site assessments, needs assessments, inventories, meetings, and emergency exercises, including drills and tabletops, would also assist in validating and encouraging adoption of the plan by administrators while promoting sustainability over time.

The District recommends that after-school programs:

- Parallel the schools' plans and procedures, or incorporate their plans into the schools' plans;
- Consult others (rather than plan in a vacuum);
- Include important contact numbers in their plans;
- Include reunification plans;
- Identify personnel for key roles;
- Orient all staff to the plan; and
- Have the plan available at all times.

Preschools will follow the site's Incident Command System and report to the evacuation area as the plan describes.

The Principal will coordinate with all programs on the site, such as Boys and Girls Club, Champion, BASE, YMCA, etc.

GENERAL INFORMATION – SCHOOL SAFETY

District Commitment to School Safety

It is the policy of the Oak Grove School District Board of Education that all students enrolled in this district, and all employees employed by this district, have the right to attend campuses, which are safe and secure. The Board believes that a beginning step toward safer schools is the development of a comprehensive plan for school safety by every school within the District. The Board intends that parents, students, teachers, administrators, counselors, classified personnel, and community agencies develop safe school plans, including local law enforcement, and approved by the Board. The school site committee will review these safe school plans on an annual basis and proposed changes will be submitted to the Board for approval.

LEGISLATIVE REQUIREMENTS

The California Education Code (sections 35294.10-35294.15) outlines the requirements of all schools operating any kindergarten and any grades 1 to 12, inclusive, to write and develop a school safety plan relevant to the needs and resources of that particular school.

This requirement was presented in Senate Bill 187, which was approved by the Governor and chaptered in 1997. This legislation contained a sunset clause, which stated that this legislation would remain in effect only until January 1, 2000. **See Appendix for Senate Bill 187 Text. Senate Bill 334 was approved and chaptered in 1999 and perpetuated this legislation under the requirement of the initial legislation.**

Comprehensive School Safety Plans are required under SB 187/SB 334 to contain the following elements:

- Assessment of school crime committed on school campuses and at school-related functions
- Child abuse reporting procedures
- Disaster procedures
- Suspension and expulsion policies
- Procedures to notify teachers of dangerous pupils
- Anti-harassment policy
- Sexual harassment policies
- School wide dress code policies
- Procedures for safe ingress and egress
- Policies enacted to maintain a safe and orderly environment
- Rules and procedures on school discipline
- Uniform Complaint process
- Goals on providing a safe and healthy environment

The Comprehensive School Safety Plan will be reviewed and updated by the School Site Council every year. The school will report on the status of its school safety plan including a description of its key elements in the annual school accountability report card.
